<p>*1 - TVA's Total Monthly Fuel Cost (TMFC) is applied to energy (kWh) billing units and is added to the Base Rate to calculate final billing. TVA adjusts the TMFC each month. All TMFC charges are included with energy charges on the first line of the billing invoice. Summer months are June through September. Winter months are December through March. Spring/Fall months are April, May, October and November. * Demand Cost Recovery Adjustment is part of the Residential and GSA 1 bill calculations, effective November 1, 2024. Visit www.mountainelectric.com for the current DCRA rate.</p>
